

Koliki je kapacitet radnog spremnika na ovom računalu?

The screenshot shows the Windows Settings application, specifically the 'System > About' page. The left sidebar contains various settings categories, with 'System' selected. The main content area displays 'Device specifications' and 'Windows specifications'. In the 'Device specifications' section, the 'Installed RAM' is highlighted with a red rectangle, showing a value of 16.0 GB. Other specifications include the device name, processor, device ID, product ID, system type, and pen and touch input status. The 'Windows specifications' section shows the edition (Windows 11 Pro), version (22H2), installation date, OS build, and experience pack.
